ATTENTION : [REDACTED] FOIAB3D
SUBJECT : Briefings on Minicard.

1. CIA holds a training course in the use of the Intelligence Subject Code approximately 6-7 times a year. Since the classes consist of CIA, Army, Air, Navy, and DIA analysts, some from Headquarters, others from outside commands, we have provided briefings on Navy STORE and Air MINICARD to give the trainees a fuller picture of automation in the field of documentation in USIB.

2. In the past, [REDACTED] has given the Minicard briefing. May we request that [REDACTED] Chief of the Indexing Team continue to give these briefings.
